Beautiful One and Two Bedroom Self-Catering Holiday Apartments
in the Languedoc, South West France

Available flexibly either individually, or combined, these tastefully designed and fully equipped apartments are absolutely ideal for singles, couples, families, or groups of friends – for the length of time required.

Set between the mountains and the sea, they provide a perfect all-year round base either for a short-break, a self-catering activity or sightseeing holiday, or longer stay – whilst you can stay in touch with FREE high-speed WiFi internet access.

Situated in the heart of Saint-Chinian, these spacious, sunny (south facing) apartments retain some of the original features of one of the oldest buildings in this lively, historic wine village and directly overlook the large village square with its thriving twice-weekly markets (Thursday and Sunday).

Saint-Chinian is famous for its red and rosé AOC wines and you will be welcomed at the many local wine caves offering free degustation (tasting). It provides a great holiday location with 300 days of sunshine per year, and the surrounding unspoiled countryside has a truly stunning natural beauty.
